## ***Shuster Secures \$1.3 Million for Improvements along the I-81 Corridor in Franklin County***

Washington, D.C. – **Congressman Bill Shuster** is pleased to announce that he has secured \$1,358,750 in funding for improvements along the I-81 corridor in Franklin County.

“Franklin County is poised to benefit greatly from the economic investments being made along the I-81 corridor,” Shuster said. “The federal government has a responsibility to make sure the Interstate is prepared to take the increased traffic and wear and tear on the roadway.”

The funding secured by Congressman Shuster and in the Senate by Senators Specter and Casey will be targeted at making improvements to I-81 where local and state officials deem necessary.

“Applying this funding will take a collaborative effort among all levels of government, something that has proven successful in the past and will again now,” Shuster added. “This funding will improve road safety along I-81 while attracting new business and economic investment,” Shuster added. “This is a win-win for all involved.”
